

LYNK OverDoor Hooks ASSEMBLY INSTRUCTIONS

PARTS LIST:

A: (1) left hook.

B: (1) right hook.

C: (2) steel tubes.

D: (4) sliding hooks.

ATTENTION: VERY IMPORTANT

Assemble on a smooth solid surface such as concrete. *DO NOT* assemble on carpet or damage will occur!

Both ends of each steel tube have a small indentation to make assembly easier.

All sockets have a large opening (A) to start and line up the tubes, and a smaller opening (B) for a tight fit. Firmly tap the tubes so that they go to the end of each socket (C). If this is not done the product will not stay together!

Step 1

Lay the left hook on a solid surface (**not carpet**) with socket openings up. With a hammer, firmly tap one tube into each of the two sockets.

Step 2

Put all four sliding hooks on the two tubes. **Please make sure all hooks are facing the same direction as the main hook.**

Step 3

Place right hook on the end of the two tubes. Carefully line up and then firmly tap with hammer until they are completely in the sockets.

**For questions, please call
1-800-733-5965.**

LIMITED WARRANTY AND DISCLAIMER OF LIABILITY

The manufacturer warrants this product against defects in manufacturing and workmanship for a period of ninety (90) days from the date of purchase. For questions, call (800) 733-5965 for customer service.
